

Join Rutgers at the International Conference on Family Planning 2022

Photos by Mirjam Huisman

Rutgers uses over 50 years of experience to improve the sexual and reproductive health and rights of young people all over the world. We want young people to be free to enjoy their sexuality and relationships while respecting the rights of others in a gender-inclusive society. Our mission is to connect, support and engage with young people and those around them to make this a reality.

Join our events at ICFP 2022 to discover more about our implementation, research and advocacy work.

#FreeToTalk

#FreeToTalk

We talk openly about sexuality, can you?

At Rutgers, we talk about sexuality openly, positively and practically. Being able to talk openly about sexuality, consent and boundaries. In public spaces, at work, online, at school or at home. That's our dream. Because only then everyone can enjoy their sexuality.

**Are you FreeToTalk?
Come and have a
Pillow Talk with us
in our booth 144**
